

MOL DP Training Center Opening in Tokyo in June 2022

MOL Dynamic Positioning (DP) Training Center, will be the first DP training center in Japan to be accredited by The Nautical Institute, United Kingdom.

We will offer the following Nautical Institute accredited Courses

- DP Induction Course
- DP Simulator Course
- DP Sea Time Reduction Course
- DP Vessel Maintenance Course

You will receive top-quality education and training to attain DP knowledge, skill and course certificate.

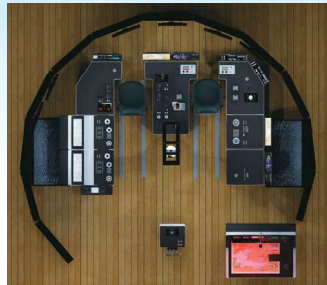

DP Simulator
NI Class 'A' - DP/AHTS Bridge

DP Simulator

Our DP Simulator is a replica of a DP vessel bridge and includes a real DP system from KONGSBERG.
